Presidio Link Through Three Counties Urged

Area Must Give Land On Rights of Way Without Cost

MILITARY ROAD

Witt and Pomeroy Aid Congressman Speed Coast Project

Climaxing a move launched in the East by Supervisor Albert Witt Jr. and Planning Advisor Hugh Pomeroy, Rep. John J. McGrath, San Mateo county Democrat, Monday introduced a resolution in the house authorizing an appropriation of $3,000,000 to make the Ocean Shore highway a military road linking the presidios of San Francisco and Monterey, the Associated Press reported in a dispatch to The Tribune.

McGrath's resolution provides that rights-of-way must be granted to the federal government without cost by the three counties through which the highway would pass—San Mateo, Santa Cruz and Monterey.

Construction of the coastside artery is already begun, the 3.5 mile stretch between Thornton and Edgemar being under construction. The next unit, around Pedro mountain, has had funds promised in the extent of $255,000 by the state.

Should the federal government accept the coast highway as a military defense road, it would finish building the 126-mile link, thus giving the coast a fast artery, providing a convenient route either to San Francisco or south. Witt and Pomeroy already have gained endorsement of the American Road Builders' Association, secured at its Cleveland convention, and of other Eastern organizations, while boards of supervisors of the three counties and San Francisco also have endorsed the project.

SUIT TO OPEN

Further hearing of the state's suit to obtain the Thornton-Edgemar right-of-way is set for 10 a. m. tomorrow before Superior Judge A. R. Cotton. The state, in accordance with a court order of June 24, has deposited $2513.50 for the 25 acres involved, but the Ocean Shore Railroad, Inc., owner demands $5,000,000.

Indicating he would fight disqualification sought by the railroad, in its coming battle over price of the right-of-way, Judge A. R. Cotton today filed an answer to the railway's charges of "prejudice" and "bias" made last week.

In doing so, Judge Cotton specifically denied allegations made by James W. Crosby, secretary of the railroad. The jurist asserted that if he were a member of the "San Mateo County-wide Ocean Shore Highway Committee," he didn't know it nor had ever been advised or informed of any such appointment.

Judge Cotton also said he never participated actively in a meeting held March 27, 1934, at which he supposedly was appointed, but had attended only as a guest of Mayor C. A. Buck of Burlingame.

'NO KNOWLEDGE HELD'

Judge Cotton also denied attending a meeting in San Francisco April 25, 1934, between the county-wide committee and directors of Joint Highway District No. 9 sponsors of the coast road.

No knowledge of facts which make it probable he could not give a "fair and impartial trial" is possessed by the judge, he states, asserting he has disposed of proceedings so far "in a fair and impartial" manner and "without feeling of bias, prejudice or hostility."

Tavern Has Exhibit Of Mission Prints

Bill West's Woods' Tavern south of Redwood City has a complete collection of art photos of early California Missions. According to Weht, it is probably the only collection of its kind on the peninsula. Only one set of prints were made.

STATION WORK RESUMES

Work on construction of the La Honda fire suppression station has been resumed by ten Citizens Conservation Corps workers assigned to the project, Fire Warden Bert Werder disclosed today.

AT REDWOOD STARTING SUNDAY

Photo shows Eleanor Powell, the dancing sensation, Robert Taylor and June Knight starring in "Broadway Melody of 1936" with Jack Benny, the popular radio star. This feature is playing at the Little Redwood Theatre Sunday and Monday. Four featurettes complete the program.

EARLY RETURN TO SUNNYVALE OF NAVY SEEN

McGrath's Bill Cites 'Strings' Retained On Moffet Field

Prospects of return of the navy to Moffett Field, Sunnyvale, and the crowding out of the army, as discussed editorially in the Tribune last Wednesday, was seen today in a reading of the bill introduced in congress by Rep. John J. McGrath, San Mateo county Democrat, for building of two new dirigibles.

A pertinent paragraph deals with the "strings" which the navy has retained on Sunnyvale and which were dependent upon a favorable report from the committee of experts headed by Prof. William F. Durand of Stanford University that further dirigibles should be constructed.

It points out that "the navy still holds title to the magnificient hangar, landing field and tracks, technical equipment, and helium tanks at Moffett Field," and adds the significant note that the field "is of very limited use either to the army or to the navy except for lighter than air purposes."

McGrath's bill, a joint resolution numbered 468, has been referred to the Committee on Naval Affairs.

Heart Attack Fatal To Antonia Morales

Following a heart attack, Mrs. Antonia Morales, 61, passed away suddenly at her home, 235 Hemlock street, early Sunday morning. She was a native of Spain, but had resided in this city for the past 23 years. She was the widow of the late Anton Morales, who passed away here in June, 1926.

She is survived by four daughters, Mrs. Antonia Castro, Mrs Mary Lara, Mrs. Dolores Martinez, and Carmen Morales; and by two sons, Antonio R. and Manuel Morales, all of this city.

Rush Joins Used Car Lot As Sales Head

Earl H. Rush has joined the Peninsula Motors of Redwood City and will manager their used car lot located at El Camino Real and Montgomery street. Mr. Rush has a wide acquaintance in the automobile sales field.

Pedro Rock Blasting Fears Are Unfounded

Fears voiced in protest to the planning commission by several county residents that Pedro Rock would have its top "blasted off' to make a haven for fishermen are unfounded, according to Planning Commission Engineer Ronald Campbell.

Should any improvements to fishing facilities be made at the rock, Campbell said, they probably would take the form of a suspension bridge from the mainland to the rock and a walk around the huge boulder. Such a project may be considered by the commission, according to Campbell. But whatever is done will in no way detract from the scenic beauty of the famous coastside landmark, he said.

110 Attend First Italian Council Annual Banquet

With county officials as guests of honor, 110 members and friends of the Council of Italian Clubs of San Mateo county held their first annual banquet Saturday night at Millbrae.

Principal speaker was Marquis Antonio San Felice di Monteforte of San Francisco, Italian vice consul, who stressed value of unity of the Italian race as exemplified by the council. Others who talked included Dist. Atty. Gilbert Ferrell, Supervisors Walter High, Fred Beer, John Poole and Manuel Francis, Coroner William Crosby, County Clerk E. B. Hinman, Justice Wade H. Clay and City Councilman Evans A. Fletcher of Redwood City.

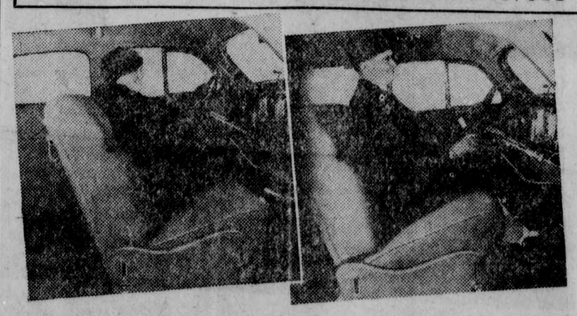
Louis B. Dematteis, deputy district attorney, presided after Ernest Armando, council president, had opened the meeting.

Introduced during the evening were presidents of four Italian organizations: P. Daptrato, Italian-American Citizens Club of South San Francisco; Roy Barghini, Italian-American Citizens Club of Daly City; Frank Perry, New Deal Club of San Mateo; Remo Marchi, Italian-American Progressive Club, Redwood City. Others introduced included Amerigo Rossi, vice chairman of the council, and Calvin Grandi, secretary.

WIDOW GRANTED $600 MONTH

Superior Judge Maxwell McNutt today granted Mrs. Mary E. Schwerin $600 a month pending settlement of the estate of her late husband, R. P. Scherwin.

New Auto Seat Fits Tall or Short Drivers



According to Harry Dearborn, Chrysler-Plymouth dealers here—whether you're long and lanky, or short and stocky—the new "All-Adjustable" driver's seat in the 1936 Airflow Chrysler may be instantly adjusted to give you complete driving comfort. At the left is pictured a woman 5 feet 3 inches in height with the seat lowered and moved forward for greatest driving ease. On the right is a man 6 feet 2 inches tall with the seat raised and moved back to give ample leg room and a natural driving position.

County Police Car Recovered After Holdups

Constable Ferguson's Radio Aids Pair Elude Capture

Stolen from in front of the Burlingame justice court and used in two San Francisco robberies, the county-owned Ford sedan of Constable Ferguson Owen was recovered Wednesday by San Francisco police at 437 Broadway, San Francisco.

The car was undamaged, reports reaching the sheriff's office said.

The two men who took the machine at 2:30 p.m. Tuesday when it was left with the keys in the ignition apparently drove directly to San Francisco. Their first stop, it was believed, was a service station at 19th avenue and Lincoln way, where Fred Klein was operator.

TAKEN UNAWARES

Klein noticed the car was a police machine because of its license number: Circle E-12187. Consequently he was not surprised when khaki-clad men stepped out and asked permission to use his telephone. When one went to the telephone, Klein went back to work in his grease room. Immediately the second man opened the cash register, scooped out about $50, and the two jumped into the car and drove off.

Klein notified police. The robbers, it is believed, were aided in eluding officers by the police radio carried in the machine.

At Pine and Divisadero the machine appeared again. Following similar tactics to those used before, the pair robbed the register of a service station of $8.

BROADCASTS CUT

Suspecting their police broadcasts were being received, San Francisco officers sent out no more, but cars were notified by other means and shortly a general hunt was underway which ended when the abandoned car was found.

It was the second police machine to be molested recently, Benjamin Hicks, WPA worker, being arrested Saturday night by local police after he had been caught taking papers from the patrol machine of Capt. Paul Perussina.

Pleading guilty, Hicks was sentenced to 15 days in the county jail when he appeared before Justice Edward I. McAuliffe this afternoon.

Student Facing Charges Here Gets Jail Term

Before 20-year-old John H. Slusser, Stanford student, can appear before Justice Hugh Mullin Jr. in San Mateo to answer reckless driving charges, he must serve five days in the Santa Clara county jail.

That was the sentence meted out to him by Justice Chester W. Moore. Slusser, former business manager of the Stanford Daily and a member of Theta Chi fraternity, was arrested by highway patrolmen last September 14 for driving 60 miles an hour. Slusser failed to appear in court to answer and ignored warnings. Finally he posted a $15 check for bail and it was returned from the bank marked "insufficient funds."

He was arrested Saturday, refined $15 on the speeding charge, and given five days for failure to appear in court as scheduled.

Besides the San Mateo charge, which grew out of an accident a week ago near Belmont in which his girl companion was injured, Slusser also faces charges in Palo Alto.

Police Judge John H. Springer said that Slusser has been arrested six times in that city during the past year and has 50 hours to work out on the woodpile before spring.

Slusser registered at Stanford from Princton, N. J.

PETTY THEFT CHARGE FACED

Accused of taking merchandise from a parked automobile, Benjamin Hicks, 28, laborer, was in the county jail today facing petty theft and intoxication charges. He was arrested by local police Saturday at 6 p. m.

ON SEQUOIA SCREEN SATURDAY

Margaret Sullavan and Randolph Scott, as they appear in "So Red the Rose," playing at the Sequoia Theatre Saturday only, with a continuous show starting at 1:30. On the same bill will be Hoot Gibson in "Powder Smoke Range."

Deputy U. S. Attorney Succumbs in Belmont

(Special to The Tribune)

BELMONT, Feb. 3.—A six-month illness for Thomas G. Goulden, 34-year-old deputy district United States attorney, ended last night when the San Franciscan died at a local sanitarium. Goulden, prominent in San Francisco, was well-known throughout the peninsula.

He was a prominent member of the Knights of Columbus, being a past grand knight of the Golden Gate council.

Funeral services will be held Wednesday from his late residence in San Francisco, with burial following at the Holy Cross cemetery. Gantner, Felder & Kenny have charge of the rites.

JAIL TERM GIVEN EX-STANFORDITE

Far East Crime Ends With Two Men Sent To Penitentiary

Frank J. Raven, who attended Stanford University and who lived in San Jose, and J. Warner Brown, formerly of Missouri, were sentenced Monday to imprisonment by a United States court in Shanghai following their conviction for embezzlement in connection with operations of the defunct American Oriental Finance Corporation, according to press dispatches.

Raven was given five years in prison at McNeil Island, Wash., while Brown was ordered imprisoned for two years.

The court, in giving the heaviest sentence to Raven, president of the finance corporation, upheld the government's contention he was the "master mind" in the irregularities in the various Raven corporations in the Far East. The court said Brown, who was vice president, was only a paid employe.

Neither of the men indicated he would appeal. Prior to the pronouncement of sentence, Raven protested he was innocent, but the court took no notice of his statement.

The collapse of the Raven interests last May was followed by many bank failures. Depositors and investors throughout the Far East lost many millions of dollars.

Burlingame Plans City Jail Building

(Special to The Tribune)

BURLINGAME, Feb. 4.—Purchase of a lot behind the city hall where it is proposed to build a new jail and police headquarters as a WPA project, was approved last night by the Burlingame City Council.

The lot, 110 by 80 feet, will be purchased from Levy Bros. store for $6000 if the project receives federal approval for financial aid. Acting City Engineer Cecil Longson had conferred with WPA officials on the proposal and reported that the government might finance as much as 80 per cent of the costs not to exceed $25,000.

STAY OF WITT AND POMEROY IS EXTENDED

Harbor, 'White Collar' And Other Projects Detain Officials

Additional efforts which must be put forth in Washington, D. C., on WPA "white collar," Redwood City Harbor and other projects will postpone the departure of Supervisor Albert Witt Jr., Colma, and Planning Advisor Hugh Pomeroy from Washington, D. C., they reported to the board of supervisors Monday.

The board, meeting in County Executive Walter Kellogg's office, agreed to grant whatever additional time was required.

Witt and Pomeroy believed another week would be necessary. They have been East for about two weeks.

Efforts in behalf of the harbor have been waged as a result of telegrams sent by Mayor Charles Lambert and Sam H. Winkliebleck, publisher of The Tribune, following invitation of the county pair to assist municipalitites in presenting projects.

Witt said that he and Pomeroy were in touch with Senator Hiram Johnson, Congressman John J. McGrath, and the American Road Builders Association on projects.

They principally hope to have the Ocean Shore highway included in the list of military roads to win approval of congress.

The all-time low record temperature for North Carolina is 21 degrees below zero; the all-time high, 108.

TRAFFIC SIGNAL LIGHTS AS USED ALONG HIGHWAY SELECTED FOR BROADWAY

Towne Puts New Fordor Touring Sedan On Exhibit

A new model that is certain to find favor with motorists everywhere was introduced recently by the Ford Motor Company and is on display now at Ford dealer establishments throughout Northern California.

It is the Fordor Sedan, equipped with built-in trunk, and selling at a much lower price than the Fordor Touring Sedan, the only Ford sedan model which formerly had the built-in trunk feature.

"Here is a model that we are certain will sweep to immediate sales leadership because it offers the same quality features which distinguish all Ford cars, plus the roomy luggage compartment which has become a necessity for thousands of motorists who tour long distances in their motor cars," said K. B. Towne, local Ford dealer.

"Furthermore under the new $25 per month payment plan this car is now available to tens of thousands who formerly had to be content with used cars.

"The Standard Ford models have the same wheelbase, the same motor, the same mechanical features, the same equipment of safety glass all around in windows, as well as windshield, as do the de luxe models—yet they sell at a considerably lower price."

Hardian Hatch, Retired Banker, Passes in S. M.

(Special to The Tribune)

SAN CARLOS, Feb. 3.—Hardian Hatch, 86, father of Mrs. Charles MacMahon of San Carlos, died Saturday night at his home at 421 Crescent avenue, San Mateo.

Mr. Hatch, prominent peninsula resident for many years, was instrumental in the establishments of banks here and in San Bruno. He had been retired for some time.

Besides the local daughter, Mr. Hatch is survived by another daughter, Mrs. Fay Hatch of San Francisco and a son, Edward Hatch of Los Angeles.

Private funeral services will be held tomorrow at 2:30 p. m. with the Rev. George Brown, pastor of the San Mateo Congregational Church, officiating. Entombment will follow at Cypress Lawn. The Crosby parlors have charge of arrangements.

Flagmen Will Operate Device If Proposal Meets Approval

EXPENSE AVOIDED

City Takes Position Cost of Protection Must Fall on S.P.

Three decisions affecting the safeguarding of the Broadway crossing, including the refusal of the city to pay any part of the cost of policing this crossover, were unanimously reached by the city council in session in the Firehouse Hall Monday night.

These were:

(1) Urged installation of the standard type "stop" and "go" traffic signal lights for each side of the Broadway crossing, the signals to be operated manually by the flagman;

(2) Opposed the hiring of additional regular police officers at about $3,000 city expense to replace the crossing flagman;

(3) Requested the Southern Pacific to direct its flagmen to wear white suits similar to those used by service station men, or to wear white criss-cross chest and back straps to distinguish them from pedestrians.

COST ABOUT $1,000

Cost of purchase and installation of the traffic signal, similar to the type used at Broadway and El Camino Real except that it will be manually operated, was roughly estimated by Acting City Manager Charles Dimmitt at $1,000. The Southern Pacific will be asked to stand this expense.

The idea of the manually-operated signal was advanced by Dimmitt.

Council opposition to the proposal that policemen replace the flagmen, an idea originated by Southern Pacific and California Railroad Commission representatives at a conference here January 25, was marked.

Council members, particularly James Eva and George McNulty, emphasized that the Southern Pacific had about 1000 commuter customers in Redwood City and should stand all the expense of safeguarding these travelers.

Councilman Evans Fletcher advanced the suggestion that the Southern Pacific hire "more stately" flagmen. He also voiced a suggestion that the railroad be asked to state its policy as to future uses of the depot acreage.

No action was taken by the council in regard to the Main street crossing. On other crossings, it was agreed to install arterial stop signs at city expense.

A. T. Mercier, Southern Pacific general manager, asked the council to support efforts to close the unnecessary Redwood City crossings. Attorney Wayne Millington, on behalf of property owners, appeared to urge their support to keeping the Beech street crossing open. The council previously had so gone on record, but later left the mater up to City Attorney Albert Mansfield without specific instructions what to do.

Council action on the three courses decided upon came upon motion of Councilman Paul McCarthy and second of Councilman Fletcher.

John M. Robb, 439 Samson street, in a letter to the board revived the suggestion that a subway be constructed at Hopkins avenue to reduce the traffic at the Broadway crossing. He also suggested that the depot be removed to a point near the extensions of James and Harrison streets to avoid stopping of vehicles at Broadway twice: when a train approaches and again when it starts off.

Robb said removal of the depot would give a chance to make Arguello street a crosstown artery to Main street.

Shirley Parker Smith, in a second letter, urged the council to order stop signs at crossings and suggested that an officer be specifically designated to patrol the crossings and issue "real tickets" to violators.

Canning of papayas may become a new industry in the Lower Rio Grande valley, where the fruit is easily grown.

NEW STANDARD EQUIPMENT

Carmen Dragon, well-known California orchestra leader, prepares to tuck away another piece of luggage in the spacious trunk of the new standard Ford V8 sedan. Formerly the built-in trunk was available only in the DeLuxe models. Miss Muriel Meyers supervises the task.

MENLO PARK NEWS

Mary Bradford Smith, pretty daughter of the Rev. Ralph Smith and Mrs. Smith, was married in Trinity Episcopal Church Sunday to Kenneth B. Lumbard of Palo Alto. Rev. Smith, pastor of the church, performed the ceremony, witnessed by a number of friends. Owing to illness in both families, the winsome bride was unattended. The wedding took place at 4 o'clock before the altar lighted with 14 candles. White spring flowers decorated the church. The young couple will reside at Palo Alto.

Mrs. Lumbard is a graduate of Castilleja School. Her histers are Mrs. W. A. Newcomb of San Jose and Miss Laura Smith of Menlo Park. Mr. Lumbard, a son of Mr. and Mrs. Glenn Lumbard of Palo Alto, was graduated from Stanford and is now in business in Palo Alto. He is a nephew of Miss Gertrude Gardiner of Stanford and Miss Nellie Gardiner of San Francisco.

Last week the noble bird, the stork, left a hon at the home of Mr. and Mrs. R. Banks. The fond mother was the former Ruth Walsh, a former belle of Menlo Park. For several years she was the county deputy recorder in Redwood City.

Cards announcing the marriage of beautiful Miss Frances McAtee and handsome John Tuttle were received by their friends last Saturday. The young couple were married at the old Mission of San Juan, near Hollister, on Auguht 3, last. Mrs. Tuttle is a niece of Judge McAtee of San Francisco, and for some time has held an executive position with the importing firm of Balfour, Gruthie and Company of San Francisco. Mr. Tuttle is a clerk in the local postoffice. He is a popular young man with a host of frieinds in Menlo Park. Mr. and Mrs. Tuttle will reside here. Both have been the recipients of congratulations since the marriage wah made known.

Harry B. Morey, proprietor of the eninsula Building Materials Company, is recovering from an operation for appendicitis performed at the Palo Alto Hospital Monday. He was taken ill Sunday and at once was removed to the hospital. Mr. Morey is expected home next week.

Mrs. Catherine Derry returned to Menlo Park this week after several days in San Francisco with a sister. She attended several parties while there.

Girl Scouts of Menlo Park Troop 11 were entertained Friday at the home of Mr. and Mrh. F. B. Whipple on Middle avenue. Gail Whipple and Rita Robard were hostesses and members of Rose Roy patrol, victors in a recent troop contest, were guests of honor. Among the 22 present were Miss Mary Whipple, aunt of the hostess; Mrs. A. E. Midgley, troop leaders; Elizabeth Bowles, ahsistant leader, and Sophie Webster. Games were played and refreshments served.

Mr. Jack Baust of San Jose has leased the duplex apartment at No. 848 Santa Cruz avenue and will occupy it with his family this week.

Mrs. Emma J. Stribling has had as her guests her sihter, Mrs. Max Optynde and little daughter, Louise, of San Mateo. The sisters left Wednesday morning for Mrs. Optynde's home and will make a short visit with Mr. Optynde, who is in business in San Francisco, before Mrs. Stribling returnh to her home.

The sympathy of the community goes out to Mr. and Mrs. Robert F. Cain over the death of their only son, Robert Peter Cain, aged five years and nine months, who died at Beresford Tuesday morning. The boy had been ill three weeks. He was a bright little lad, the idol of his devoted parents. Robert was born in Palo Alto but has lived with his parents in Menlo Park since his birth. Mr. Cain ih the owner of a service station on the highway.

SULLIVAN TO SPEAK

Asst. Dist. Atty. Daniel Sullivan will be guest speaker when San Mateo County Trustees Association holds a dinner meeting Friday evening at the Perichon House in San Mateo. Mrs. Decima M. Allen, association president and San Bruno trustee, will act as chairman.

Half of 1300 Students Home With Illness

School Work to Cease Until Next Monday, Trustees Decide

With half the student body of 1357 and 15 teachers stricken with "flu," Sequoia high school was closed Tuesday until Monday.

The action was taken by the board of trustees which, in the words of the board president, James D. Hedge, "felt that it was rather useless to continue" and "parents will feel safer if the students are not at school."

Both Dr. Charles Gans and Pansy Jewett Abbott, county health director and school superintendent, recommended the closing.

All school activities, except the night school, were ordered canceled by Principal A. C. Argo. The basketball game between Sequoia and San Mateo High School scheduled for Friday was postponed to February 21.

NIGHT ATTENDANCE GOOD

Attendance at night school so far has held up, Argo said, and therefore the evening activities of the school will not be interfered with unless it becomes necessary.

Miss Abbott who was reached in San Carlos where it was learned a similar "flu" epidemic may make necessary closing of this city's schools, said that she felt now was the time to close in order to avoid the illness running through the entire school. Yesterday 450 students were absent but this number had increased today to nearly 700, Sequoia officials estimated.

Principal Argo in announcing the school closing to the student body late this afternoon urged the students to use every precaution to avoid exposing themselves to the colds.

It is hoped, he said, that the epidemic will be over by Monday and that the school will be able to continue. Should the epidemic not be over, it will be necessary to continue school later this spring, he warned.

TEACHERS TO WORK

Sequoia teachers who are suffering from colds will be requested to go home until they recover, the principal announced, but the others may continue their work at the high school and the absence of pupils will not hinder research work, conferences and other activities which occupy teachers outside actual classroom work.

Meanwhile further ravages in school attendance were reported from the elementary schools, but Superintendent John Gill said that the extent of illness in the grammar schools did not justify closing. Forty-four more students were reported absent today, increasing yesterday's total of 226 to 270.

The distribution of cases in the schools was as follows, according to Gill's office: McKinley, 132 students; Lincoln, 20; Central, 42; Garfield, 40; Washington, 26, and Jefferson, 10. Seven kindergarten children were also ill.

Clippers to Resume Flights Next Sunday

Postmaster R. E. O'Connell Jr. received notice Monday that the Clipper flights, interrupted by adverse weather in December, would be resumed next Sunday. First flight will be made on that date, February 9, with another ship leaving on February 19. Return hops from Manila will begin February 18 and 28th. Deadline for mail leaving Redwood City will be 8 p. m. the day before the scheduled takeoffs, O'Connell said. Rates per half ounce are 25 cents to Honolulu, 50 cents to Guam and 75 cents to the Philippines.

TAG FIXING TRY BARED AT TRIAL

Two Witnesses Called To Training School At Sacramento

(Special to The Tribune)

SAN MATEO, Feb. 5.—Convicted by a jury of speeding on the Bayshore highway between Redwood City and Belmont and fined $50 by Justice Hugh Mullin Jr., Fred Benioff, San Francisco furrier, today gave notice of appeal.

The notice was in accord with threats made when Benioff was arrested in December by Capt. Paul Perussina. At the time, the merchant denied he had been exceeding the speed limit, and asserted he would fight the charges "to the last court," even it "it costs me $5,000." He had refused to sign a citation, and was booked at the county jail, being released on $25 bail.

The jury of 12 men deliberated an hour and 40 minutes to bring in the guilty verdict.

During the trial, which was marked by heated words between Captain Perussina and Attorney J. E. McCurdy, counsel for Benioff, the patrol head testified that two other officers, Chester Kreiss and Louis Rinkel, had witnessed the arrest, one having been riding with Perussina at the time and the other having seen Benioff refuse to sign the ticket. But both men for some reason were called into Sacramento just last week to attend traffic school and were unable to appear as witnesses at the trial, Perussina testified.

This and definite assertions made by Judge Mullin following the trial gave credence to reports attempts had been made to "fix" the tag given Benioff. Judge Mullin told the convicted speeder after the trial that "a lot of pressure" had been put on the court to dismiss the charges.

Determined Search Brings Cell, Not Tilt

(Special to The Tribune)

PALO ALTO, Feb. 3.—Despite ample determination, David Miley Jr. of San Mateo didn't see Saturday night's basketball game between St. Mary's and Stanford.

Found on the campus in a tipsy condition before the game, the location of which he was inquiring from each passerby, Miley was lodged in the Palo Alto city jail by Officer George Burns of the campus patrol.

After police had thought he had sobered up, he was released about midnight, taken to the bus station, and told to return home.

But just a little later he was again picked up on the campus, looking for the game. His search ended a second time in his old cell. He was released yesterday morning.

BURLINGAME MATRON DIES

(Special to The Tribune)

BURLINGAME, Feb. 3.—Mrs. Marian Ruttger, 38, of 1560 Columbus avenue, died early today at her home after a short illness. Surviving relatives include her husband, Kenneth Ruttger, San Francisco steamship agent, and her mother, Mrs. Katharine Grodotski of San Francisco. Mrs. Ruttger had lived here eight years. Funeral arrangements are pending at the Crosby parlors.

Tri-City Water Plan Discussed in S. M.

(Special to The Tribune)

SAN MATEO, Feb. 4.—To discuss formation of a tri-city water district for San Mateo, Burlingame and Hillsborough a joint session of the city councils of these three cities will be called in the near future, it was resolved last night.

Final report of the citizens' committee recommending the city acquire the California Water Service distribution system and purchase the Pacific Gas and Electric Company plant was accepted by the council.

HIDDEN WEAPON CHARGED

Accused of having been armed with a knife hidden in his sleeve, Marcos Balagbagan, 23, was free on $100 bail today following his arrest late Saturday by Highway Patrol Captain Paul Perussina. The youth is to appear before Justice Edward L. McAuliffe. Perussina had stopped him for "cutting in."

2 Die in Auto Wrecks As Toll Reaches Eight

Car Mishaps Catching Up on Wholesale Train Slaughter

Death took two more victims of automobile accidents in San Mateo county over the week-end, raising the toll of this year's highway and rail crossing deaths to eight. They were the first deaths in the unincorporated area of the county.

Killed were John Charles Dulin, 23-year-old San Francisco store salesman, and Tim Hallahan, 45, stevedore.

Dulin died en route to a hospital after his machine crashed headon into that driven by Joseph Fabbri, 41, of San Francisco on the Bayshore highway at 6:25 a.m. Sunday.

State Highway Patrolman E. O. Trulsen and Lloyd Minehan reported evidence showed Dulin was driving north on the highway on the wrong side of the highway just north of Brisbane, running directly into the Fabbri machine. It is believed he fell asleep. Dulin's jugular vein was severed. He bled to death.

COMPANION HURT

His companion, Miss Albina Poggi, 23, of San Francisco, suffered cuts about the head which may leave permanent scars, doctors reported. Also injured were Fabbri; his wife, Dora, 43; two children, Andrew, 17, and Rose, 10, and Albert Firpo, 50, all of San Francisco. They suffered minor lacerations and abrasions.

Hallahan was killed when he was struck by the fender of the machine of Givonni Corotto, Millbrae gardener, at the Juniperro Serra intersection on El Camino Real at 9:45 p. m. Sunday. Corotto's car was undamaged, but apparently Hallahan was knocked to the pavement, fracturing his skull.

Corotto, after being held in jail overnight, was released this morning following questioning by Dep. Dist. Atty. Louis B. Dematteis. The attorney said Corotto told him he noticed the man walking in the middle of the first lane, and turned out to avoid him. Just as he went to pass him, however, Corotto said, the man staggered against his machine. Technical charges of manslaughter are pending against Corotto, Dematteis said.

SEVERAL INJURED

Other accidents brought injuries to a number of people.

Mr. and Mrs. Fred E. Rugin and Mrs. Agnes Dogger, all of San Francisco, were treated at Villa Sanitarium for cuts and bruises after they had been struck, while standing in a Daly City safety zone, by the car of Tony Seragusa, 62, WPA worker, according to Daly City police. They held him for reckless driving.

Forehead lacerations were incurred by James Safberg, 32, San Mateo, when the car in which he was riding Saturday night with Roy E. Burgess of Burlingame crashed into a telephone pole on El Camino Real in San Mateo. Burgess was unhurt.

Another San Mateo accident was attributed to an automobile driving lesson in which both teacher and pupil were hurt. Mrs. Nick Harris, pupil, suffered a badly cut nose when her car hit an electrolier Saturday night. Her instructor, Joe Sanfillippo, incurred a cut hand.

Sunday Palmer Falgram, 14, San Mateo, was slightly bruised when knocked to the pavement on El Camino Real in San Mateo by an automobile driven by G. M. Gates of San Mateo. Police said young Flagren was "clowning."

In Burlingame Mrs. Henry Manwaring of that city suffered a broken nose and head injuries when struck, according to police reports, by the delivery truck driven by Herman F. Gotham, also of Burlingame. The accident occurred late Saturday at the Baywater avenue and Arundel road intersection.

In a head-on collision between a Greyhound bus and a sedan near Palo Alto Saturday night, R. A. Bickel, 51, San Mateo, driver of the car, suffered a compound fracture of the left leg, broken right knee cap, lacerations and three smashed fingers, and his companion, Tom Judge, 23, reportedly of Redwood City, whom Bickel had picked up in Santa Clara, received chest injuries and possible concussion. Both were taken to the Palo Alto Hospital. Passengers in the bus, driven by Frank Lyon, 28, San Jose, were shaken up but unhurt.

Federal Inquiry Into PWA Work Asked in County

While adequate progress was being reported on the county's largest WPA project—that underway at Mills Field — dispatches from Washington late Monday brought orders to San Francisco federal officials to launch a new investigation into relief work in San Mateo county.

The investigation is to be taken up by the division of investigation of the Public Works Administration, it was said. The inquiry will be limited to an effort to determine if alleged activities of "relief bosses" affected any PWA projects.

B. M. Doolin, airport superintendent, reported that at Mills Field two levee spurs being extended into the bay are taking definite shape. They will enclose the landing harbor for the transpacific Clipper ships when the base is completed.

About 350 men are working, with 150 more needed, according to A. J. Wehner, San Francisco utility department engineer. Equipment includes four steam shovels and 35 trucks, which move about 10,000 yards of material a day. Additional trucks are to be employed to increase this figure to 12,000 yards.

BOOTLEGGER, 15, FINED

MONCTON, N. B. (IP)—Canada's youngest bootlegger has just made his first contact with the law. He is a 15-year-old boy who was arrested for selling liquor illegally and was fined $5 and ordered to pay the costs of the court. His name was kept secret.

The Knights of Columbus, leading Catholic laymen's organization, was founded by the Rev. Mr. M. J. McGivney in 1882 at New Haven, Conn.

'FLU' FORCES ELEMENTARY SCHOOL HALT

Grade Schools Take Same Step As High To End Epidemic

Redwood City's six elementary schools, hit by the same epidemic of colds which caused Sequoia high school to close Tuesday for the remainder of the week, followed Sequoia's example Wednesday when 330 students were reported ill.

Superintendent John Gill, in announcing that the schools would close until Monday, said he thought the action was the "wise and sensible" thing to do.

Meanwhile two coastside schools which closed last week were reopened and a third school opened but was forced to close again immediately when it was found the epidemic had not sufficiently subsided. Half Moon Bay high school and grammar school were the schools open, while Miramar, a two-teacher school, opened this morning but closed on advice of Pansy Jewett Abbott, county superintendent.

At San Carlos the "flu" condition was being closely watched in the schools. Miss Abbott inspected the school yesterday but the condition there was "not alarming," she said.

Gill reported the distribution of cases in the elementary schools to be as follows: McKinley, 163; Lincoln, 28; Central, 43; Garfield, 54; Washington, 25; Jefferson, 15. Twelve kindergarten students were reported ill.

Elementary school teachers will remain on the job, Gill said, making up records and reports, and engaging in conferences. Some of the teachers will visit neighboring schools. Six of the teachers have the "flu."

Driving Charge Jails San Francisco Dancer

Paul Gonzales, 36-year-old San Francisco dancer, wah in jail Monday in lieu of $50 cash bail facing a misdemeanor drunk driving charge as the result of his arrest at 7:30 o'clock that morning by State Highway Patrolman Lloyd Minehan on the Bayshore highway near South San Francisco. Minehan reported Gonzales endeavored to "start a fight" with the officer when the patrolman stopped him for alleged dangerous driving.

EIGHTH CHILD BORN

Eighth child of a 26-year-old mother, a baby girl was born Sunday morning to Mrs. Emma Ruano, wife of Joseph Ruano, laborer in a local mushroom plant. The child, born at the Community Hospital in San Mateo, is the second girl in the family. The oldest child, 9, is a girl; the rest are boys. The baby weighed 8 pounds, 2 ounces.

A basket is worn by headhunting Formosan savages to protect their own heads when on an expedition.

Mrs. Alexander Muir Summoned By Death

Following a period of declining health, Mrs. Elizabeth J. Muir, a resident of this city for the past two and a half years, passed away early Sunday morning.

Mrs. Muir, who was born in Canada 75 years ago, is survived by her husband, Alexander R. Muir, and by a son, Bryce A. Muir, local oil company manager.

GARDENER DIES

(Special to The Tribune)

BURLINGAME, Feb. 5.—Luke Farrell, 36, Burlingame gardener who had lived here for the past seven years, died last night in a local hospital.

FAMED CONSTABLE DIES

SAN JOSE, Feb. 3.—Famous for his gun duels, Lucas Patron, for 24 years constable of Morgan Hill and one of the state's old time peace officers, died here yesterday at the home of his daughter. He was 75. He had been ill several months. Two men whom he sought to arrest fell before the marksmanship of Patron.

In spending three days at a modern metropolitan hotel, the average guest is served by at least 60 persons, from bootblack to manager.

The Juangs, literally "leaf-wearers," a jungle tribe of Orissa, India, take their most sacred oaths on an ant-hill or tiger skin.

PRIEST ENDS ARCTIC TOUR

EDMONTON, Alta. (IP)—Using nearly every method of transportation known in the North, from the railway to the pack train, the Rev. T. Laboure, O.M.I., superior general of the Oblate Order of the Roman Catholic Church, has just returned here from a 6500-mile tour of the Arctic.

CANADA'S GROWTH FORECAST

TORONTO, Ont. (IP) — Canada some day will be more densely populated than the United States, Prof. Griffith Taylor, head of the new department of geography at the University of Toronto, believes. In time, he predicts, the Dominion will have a population of nearly 180,000,000.

EXPERT WITH KNIFE

PAINESVILLE, O. (IP)—An accident to James F. O'Moore's back three years ago caused his hands to shake constantly, so he mastered use of a penknife for skilful wood-carving in defiance of his crippled condition. His work includes a complete barnyard, with animals and implements.

Buy Home Needs now while No Cash Payment is Needed!

Modernize Your Home
with GAS & ELECTRIC CONVENIENCES

Like all good things, the easy way to buy home conveniences under the Modernization Credit Plan, Title One of FHA, comes to an end on March 31st. Less than sixty days remain.

Already a buying wave has begun. Northern California home-owners and renters are now purchasing the gas and electric appliances their homes lack at the rate of nearly two hundred and fifty thousand dollars a week.

Is the range or water heater in your kitchen out-dated? Won't it pay you to put in modern and economical gas heating equipment? Isn't a new washing machine or ironer needed in your home? Is the wiring system adequate in every room?

Now, while the low cost terms of FHA are still available, buy the modern gas and electric appliances you have always wanted. Nothing down and three years or more of easy terms.

Jurors Invite Letter Writers To Expose Vice

Foreman Ward of Law Enforcement Group Asks Complaints

Invitations to the "San Mateo County Vigilante Committee" to come out from behind its cloak of secrecy and help constituted law authorities prosecute the perpetrators of the "vice which is apparent on all sides" were issued today by the sheriff, district attorney and grand jury, to whom were sent copies of an anonymous letter purporting to make disclosures anent the gambling situation in this county.

Allen J. Ward of Burlingame, chairman of the grand jury law enforcement committee, took a vigorous stand against all individuals and secret organizations who take anonymous "shots in the dark" at county law enforcement agencies and other county government affairs.

"If individuals or organizations are sincere and really have the county's welfare at heart, they would not be afraid to appear before the grand jury and state what they know," Ward said.

Terming such organizations and individuals "crackpot bodies" and "moral slackers," Ward said that the grand jury held "open house" for any individual sincere in his desire to impart information.

EXPLAINS INQUIRIES

The grand jury would not, however, Ward said, indulge in personal grudges or political fights. He defied any individuals or organizations to say that they had been before the grand jury with a valid complaint and been refused action.

Ward further challenged any individuals or organizations having information as to crime or wrong doing in or out of county government to appear before the jury and give it an opportunity to act.

"If they do not do so, in my opinion they are not sincere in their criticism," Ward concluded.

REPEAT INVITATION

Dist. Atty. Gilbert Ferrell was not in his office today, but Deputy Louis B. Dematteis, in charge of criminal investigation, asserted he believed that "no chaotic condition exists in San Mateo county that warrants vigilante or mob action."

Sheriff James J. McGrath repeated his declaration of yesterday that if anyone has evidence of law infractions he should bring it into his office.

"This office is open 24 hours a day," McGrath said. "We would welcome any bonafide information, but can't pay much attention to anonymous communications."

The sheriff disclosed that last night he and deputies had visited one of the places cited in the letter as having slot machines in operation, but that nothing had been found by the officers.

N.F.O. Car Crash Brings $17,597 Suit

Injuries suffered by Mrs. John Weiler last May 7 when the car in which she was riding with her husband collided at Central and Oak avenues, North Fair Oaks, with a Virden Packing Company truck driven by Henry Schollenberg today resulted in a $17,597 suit being filed against the meat firm by the Weilers. Attorney Edmund Scott filed the papers in the action. Weiler is an employe of the Veterans' Facility.

ALUMNI WILL GATHER

STANFORD UNIVERSITY, Feb. 6.—Seven hundred Stanford alumni are expected to return to the campus Saturday and Sunday, February 15 and 16, for the fourth annual alumni conference, at which discussion groups will meet with faculty members to consider subjects of timely interest, Alumni Secretary Harlow P. Rothert said today.

RHINO HORN FOR COURAGE

LONDON (IP)—One of the most extraordinary trades in the world is booming in London as a result of the war in Ethiopia. All the available rhinoceros horn in England has been bought up for re-export to China, where it is made up into courage and virility potions and sent to Ethiopia for the troops.

In the United States during 1934, injuries in the home caused approximately 34,000 fatalities, while automobile accidents took only 2000 more than that number.

A rise of only one degree in the mean annual temperature of the globe would free the polar regions of their ice.

MILLS ESTATE HITS CLOSING OF CROSSING

State Allows Protest Period of 30 Days After Hearing

Protest on behalf of the Mills estate was voiced at the railroad commission meeting in San Francisco this morning where proposed closing of five peninsula grade crossings in the interests of safety was discussed, according to the Associated Press.

B. Harry Murray, one of the Mills heirs, declared that one of the two crossings at San Mateo is really a private crossing which the public is permitted to use by courtesy. He declared that a private agreement between the railroad and the Mills heirs was still in effect.

Two of the crossings are at San Carlos and another one at Redwood City. Groups from all communities involved have appeared at previous hearings to protest against closing of the crossings.

Commissioner Leon O. Whitsell allowed the protesters 30 days to file briefs in the case after which the commission will consider it for decision.

BEEBE TRIES FLYING HIGH

CHICAGO (IP)—Dr. William Beebe, noted bathyspherist, has proved he is as much at home in the air as below sea level, for he flew in one of United Air Lines' coast-to-coast passenger planes at an altitude of 9,000 feet, a height three times his record descent into the sea, which was 3,028 feet below sea level.

Forty-nine persons died in 1935 in Miami, Fla., from injuries suffered in traffic accidents.

Japan has a CCC patterned after the United States Civilian Conservation Corps.

24 LOCAL MEN SEEK CHAMBER MEMBERSHIPS

Objectives Are Also Being Discussed In Visits

Two dozen Redwood City Chamber of Commerce members, most of whom met at the chamber office yesterday afternoon, today began the annual visitation of the local organization in an effort to keep present members and secure new ones.

All of the 24 have lists of members and prospects. While discussing memberships, proposed objectives also will be considered. Among these are:

Harbor development, city beautification, spring clean-up, El Camino Real widening, street openings, creek eliminations, grade crossing elimination, traffic safety, city entrance improvement, recreation and park studies, marine playground, lighting of dark street intersections, buy at home campaign, annexation of neighboring areas, merchandising events, electrical street lighting, removal of old shacks, use of locally manufactured products, merchants institute, good citizenship campaign, and others.

Conducting the campaign are Kendall B. Towne, Fred Walker, Henry Witte, Maj. H. W. Edmonds, Norbert Lambert, Jack Poole, A. H. Davies, James D. Hedge, Lawrence Hausam, Philip Marlow, L. E. Wolbert, Louis C. Christensen, George McQueen, W. M. Babcock, Amerigo Rossi, K. W. Van Gundy, Norman S. Menifee, Clifford Walk, Bryce A. Muir, P. A. Bygdnes, Kenneth Leighton, L. T. Nygaard, T. N. Thompson and George F. Boring.

There are no doctors in Lapland.

Lions to Send Group To College Meeting

Decision to send a delegation to the public hearing on the county-wide junior college was reached at a meeting of the Redwood City Lions Club held at the Sequoia Hotel last night. President Perry A. Bygdnes presided.

Discussion of the proposal took place but no definite stand was taken in the matter by the club.

A resolution urging that the city entrance beautification program, as started by the Lions Club and carried out in the form of a contest by the chamber of commerce, be continued and a definite plan placed before the planning commission and the city council was adopted. L. E. Wolbert is chairman of this project.

Old people whose ages totaled 40,000 years ate more than a ton of food at a dinner in Weymouth, England.

Former Hotel Head, Athlete, Succumbs

Thomas J. Coleman, for a decade manager of the St. Francis Hotel in San Francisco and a member of the Olympic Club in that city, died early today in Belmont following an illness of several years

Mr. Coleman, who was 60, had retired in 1927. He was the husband of the late Ada Coleman. He was born in in San Leandro.

Two daughters survive Mr. Coleman. They are Mrs. Charles Schmidt of Menlo Park and Mrs. Joseph A. Parrish of Manila, P. I. He was a brother of Mrs. Margaret Kearny of Stockton and Mrs. Elizabeth Ofgoodby of Ventura. He was the father of the late Kathleen Coleman.

Funeral services will be held tomorrow at 10 a.m. at the Layng & Tinney parlor, followed by a requiem mass at the Church of Our Lady of the Immaculate Heart at Belmont at 10:30. Entombment will follow in the mausoleum at Holy Cross Cemetery at Colma.

SUSPECTED CARRIERS

Five suspected diphtheria carriers were under observation of Dr. Charles Gans, county health officer, in Redwood City, as one new case was reported.

CANDLES TOTAL 255

DARLINGTON, R. I. (IP)—Nicholas Ullmann can eat his cake—and have it, too. Ullmann celebrated his 85th birthday anniversary recently with three cakes, each with 85 candles. Five daughters, two sons, 10 grandchildren and three great-grandchildren helped him celebrate.

$56,230 GAS TAX FUNDS TO COUNTY

Total of State Taxes For Year Amount To 39 Million

San Mateo county today was alloted $56,230.08 for its quarterly share of state gasoline tax funds. The amount is for the last three months of 1935. State Controller Ray L. Riley announced the apportionment in Sacramento.

Riley stated the gasoline tax collections for the year amounted to $39,838,000.

Other nearby counties received funds as follows: Santa Clara, $105,760.23; San Francisco, $245,816.07; Santa Cruz, $34,687.60.

2779 Hearings Held Before Cotton in Year

Today Superior Judge A. R. Cotton, appointed to the local bench by Governor Merriam to fill the unexpired term of the late Judge Franklin Swart, completed one year in office. During this time Judge Cotton handled 2779 hearings. Of these, 818 were probate hearings, 1644 civil, 102 criminal and 215 juvenile.

The Liberty Bell in Philadelphia is 12 feet in circumference around the rim and 7½ feet around the crown. The bell weighs about 2000 pounds.

SUMMONS
No. 24995

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

ALICE GERTRUDE FOSTER, Plaintiff, vs. GUY LESTER FOSTER, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

The People of the State of California Send Greetings to:

GUY LESTER FOSTER, Defendant.

You are hereby required to appear in an action brought again you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 24th day of October, A. D. 1935.

(SEAL)

E. B. HINMAN, Clerk.
By AMY R. HOLMES, Deputy Clerk.

T. H. LIMPERT,
San Mateo, California,
Attorney for Plaintiff.

LOCAL MILK CONSUMPTION LOW

Health Doctor Urges County Go on 'Spree'

HALF PINT DAILY IS AVERAGE

There is quite a bit of drinking done in San Mateo county, but unfortunately not enough of this is milk, according to Dr. Charles C. Gans, county health director, and his milk inspector, J. J. Garland.

Garland has just completed a milk survey. The results were surprising. When one thinks of this county as one of homes and good health, and a fine place to raise children, one naturally would think, according to Dr. Gans, dairies should do a thriving business. True, they do well, but not up to the average, Dr. Gans says.

In his survey Garland finds that the approximately 88,000 residents in the county consume 6731 gallons of milk daily. This is a per capita consumption of about a half pint, Garland figures.

According to Dr. Gans, a child should consume a quart of milk a day and an adult at least a pint. Milk contains 13 per cent of solids by weight, most of which are mineral, and highly beneficial to the building of bone, muscle and teeth, Dr. Gans explains.

The consumption of cream is somewhat higher in the county, with an average of 250 gallons a day, but part of this goes to bakeries.

Dr. Gans urges that the county go on a "milk spree," with greater use, especially among children. The results, he says, will be not only pleasing to the palate, but highly beneficial.

Stanford Investment Hearing Postponed

SAN JOSE, Feb. 5 (U.P.)—At the request of Frank Guerena, counsel for Stanford University, Superior Judge William F. James today postponed until Monday hearing of Stanford's petition to invest its trust funds in common stocks to increase its income.

Guerena said the reason for his request was he had an important witness who would not be available until Monday. He did not disclose the witness' name.

BOURN WILL PROBATED

The will of the late Agnes Moody Bourn, which, among other things left $50,000 to Mills Memorial Hospital, was admitted to probate this morning by Superior Judge A. R. Cotton. James Lee was appointed to appraise the estate.

More than 43,000,000 acres of Nebraska farm and ranch land have been mapped by government soil scientists.

Sentencing Delayed Of Chinese Gamblers

(Special to The Tribune)

SOUTH SAN FRANCISCO, Feb. 5.—Sentencing of five Chinese gamblers found guilty yesterday by Justice Wade H. Clay was postponed this afternoon until February 13 on request of their counsel, Attorney Albert Mansfield of Redwood City. Meanwhile, a jury to try three more of the 98 arrested in the December raid on the den near Brisbane was being picked today. The five found guilty were Ah Hing, Jim Lee, Albert Wong, Chew Duck and Frank Yee.

Country Club Scene Of S. C. Firemen Ball

(Special to The Tribune)

SAN CARLOS, Feb. 5.—Devonshire Country Club will be the setting Saturday, February 15, for the 13th annual masquerade ball of the San Carlos Fire Department.

Charles E. Gorse heads the committee. He will be assisted by Edward Maillard, Lyle Clark, J. M. Edling and Edward R. Burton.

The public is invited.

POLICE RADIOS INSTALLED

(Special to The Tribune)

SAN MATEO, Feb. 5.—Installation of two-way police radios in two automobiles was underway here today, with the expectation the work would be completed and the sets usable Friday.

Giusti Seeking Release to Help Fight Ethiopia

Umberto Giusti, 37, South San Francisco Italian serving a life term in San Quentin for the slaying of Emilia Da Prato in 1933 and who was sentenced in Redwood City by Judge Franklin Swart, asked for his freedom Wednesday to serve Italy in war against Ethiopia, the Associated Press reported from San Quentin prison.

He requested the parole board to have him deported so that he might serve his country.

Miss da Prato was a singer; Giusti, her manager, and former Hollywood impressario. She had rejected Giusti's affection and he slew her in a rage.

Giusti entered San Quentin February 13, 1934. He was convicted by a jury February 8, 1934. Miss da Prato was murdered December 19, 1933.

ANOTHER HOME PLANNED

Construction of another new home in Redwod City was assured today when David Holder obtained a permit at the city hall to build a five-room frame house at 539 Hudson street at a cost of $3000.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE
No. 6805
Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of ANDREW O. SONNICKSEN, deceased.

Notice is hereby given that under and pursuant to the law made and provided, the undersigned MARTHA SONNICKSEN, executrix of the last Will and Testament of Andrew O. Sonnicksen, deceased, will sell at private sale to the highest and best bidder, subject to confirmation of said Superior Court on or after the 15th day of February, 1936, all the right, title and interest of said deceased at the time of death, and all the right, title and interest that the estate of said deceased has acquired by operation of law or otherwise, other than or in addition to that of said Andrew O. Sonnicksen, deceased, at the time of death, in and to all that certain real property particularly described as follows, to-wit:

That certain lot situated in the County of San Mateo, said State, particularly described as lot numbered Three (3) in Block lettered "E" as shown on that certain map entitled "Map of Hoag and Lansdale Subdivision of a portion of the Town of Menlo, Menlo Park, California," filed in the office of the County Recorder of San Mateo County July 15, 1907, in Book 5 of Maps at page 16.

Terms of sale: Cash in lawful money of the United States on confirmation of sale. Ten per cent of amount bid to be deposited with bid.

Bids or offers must be in writing and may be delivered to the undersigned executrix personally, or may be left at the office of Paul A. McCarthy, her attorney, Room 404 Alexander Building, 155 Montgomery street, in the City and County of San Francisco, State of California, or may be filed in the office of the Clerk of said Court at any time after the first publication of this notice, and before the making of sale.

Dated this 28th day of January, 1936.

MARTHA SONNICKSEN,
Executrix of the Last Will and Testament of Andrew O. Sonnicksen, deceased.

PAUL A. McCARTHY,
Attorney for Executrix,
155 Montgomery Street,
San Francisco, California.

DELAYS IN AUGMENTING COUNTY PATROL SCORED

Official Says Deaths Occuring While State 'Stalls' on Correcting Applicant List To Eliminate Non-Eligibles

State apathy toward the problem of providing additional patrolmen for the Bayshore and other peninsula highways was scored before the board of supervisors Monday by Supervisor Fred Beer, San Mateo, who voiced a demand for a showdown with state officials.

The protest came when Ray Ingels, state director of the Department of Motor Vehicles, informed the board he could not meet with the members February 11 to discuss the problem.

"This business of stalling from month to month is all wrong," Beer declared. "You can't pick up a newspaper without reading that another death has occurred on the Bayshore highway."

Beer moved, and Supervisor John Poole, Redwood City, seconded, that Board Clerk Elmore Hinman present the urgency of the question to Ingels "in the strongest language possible."

Charles Meinert of North Fair Oaks also scored the state's neglect of the patrol problem.

Governor Merriam, who is honeymooning, also has not had time to look into the patrol question, his secretary informed the board.

The board is attempting to arrange a conference with the state officials to go over asserted ineligibles now on the patrol list, in order that the new appointees can be selected from among San Mateo county residents.

A new applicant, Robert C. McDermott, San Bruno, filed for the patrol.

COAST BEACH SURVEY SOUGHT FROM U. S.

The board supported the proposal of the California Beaches Association of Los Angeles that a survey be made by army engineers to determine how washouts of ocean frontages along the San Mateo and other county coasts can be prevented. About $100,000 will be sought of the United States for the survey.

Supervisor Beer reported that about 75 feet of coast frontages has been washed away during the past 25 years.

Tax Collector Ambrose McSweeney was authorized to hold a private sale at which the county will buy up about 125 parcels of coast beach lots on which taxes have been delinquent.

TWA MILLS PLEA ACTION DEFERRED

Support of the Transcontinental & Western Air's application before the Interstate Commerce Commission in Washington for a permit for a new line connecting Mills Airport, San Bruno, and Albuquerque, N. M., was deferred by the board for one week pending determination of San Francisco's attitude.

The local board is favorable to the idea of an additional air line if San Francisco, which operates the airport, is agreeable.

TWA previously operated a shuttle service between Los Angeles and Mills Field until cancellation of all contracts in 1932 by Postmaster General James Farley.

ADDITIONAL MATTERS BEFORE BOARD

Other items and actions included:

Approved one-year lighting contract between Montara Lighting District and Pacific Gas & Electric Company for 49 75-watt lamps to burn all night at a cost of $1.95 per lamp, agreement to expire September, 1936.

Ratified agreements for 11 right of way contracts for fire trails over property in the Woodside and other areas.

Voted $1,050 from the unbudgetted reserve to the social service fund to pay salary of Mrs. Theresa Altieri, which was overlooked.

Denied application of Don W. Currier for a chicken ranch permit for Millbrae Park.

Postponed for two weeks suggestion of County Engineer Urban Marshall that 307 black acacia trees be removed in Millbrae and be replaced with non-pavement destroying trees at a cost not to exceed $700.

The washington hearing, however, was postponed indefinitely today, the United Press reported. The postponement was ordered after the postoffice department questioned the commission's jurisdiction over the application.

CITY DEBATES LAW COVERING DOG LEASHES

Pets Running at Large Cause Complaints Before Council

Dogs may be ordered kept on leash by the council following complaint voiced Monday that their running at large is becoming an increasing menace.

Councilman Paul McCarthy, who discussed the subject, offered the council a copy of an ordinance requiring dogs to be kept on leashes not greater than eight feet in length.

Councilman James Eva informed the council that he had heard complaints similar to those registered with McCarthy.

The board ordered the proposed ordinance referred to City Attorney Albert Mansfield for report.

FIRECRACKER BAN ALREADY IN FORCE

The council took no action on the adoption of a model firecracker ordinance presented by John Volpiano, Woodside, secretary of the Peninsula Fire Chiefs' Association, on the ground that an ordinance already in effect is more stringent.

The city's ordinance was adopted in 1924. It has been enforced as to sale of firecrackers, but shooting of the explosives has been difficult to control. Sale of firecrackers just outside the limits has made it easy to get the fireworks, but this is expected to be remedied by county ban on sales.

LOCAL OPTION ACTION DEFERRED BY COUNCIL

Proposal of the Local Option League of California, of which Edwin E. Grant, San Francisco attorney is secretary, that Redwood City support local option was deferred for future study.

The League of California Municipalities urged the council to withhold action until further study is given to the question. The league agreed that changes were necessary, but the exact legislation which will really improve conditions has not been decided upon, the council was informed.

OTHER MATTERS BEFORE COUNCIL

Other items up for consideration and action included:

Named committee of Councilmen James Eva, Louis Christensen Paul McCarthy, Mayor Charles Lambert, City Manager Dimmitt and City Attorney Mansfield to decide type of organization and information needed to proceed with foreclosure steps under 1915 bond act.

Heard reported from City Attorney Albert Mansfield that the harbor project now rests with securing of legal opinion from Attorney General U. S. Webb.

Agreed to try to find some quarters for Florence S. Wampler to be used by the Seventh Day Adventists as a relief bureau.

Purchased small strip of land known as Lot A, Bell Haven Subdivision No. 2, for $100 to complete frontage of lots on which city water wells are located southeast of city.

Referred matter of getting city ball park in shape for soft ball season to Acting City Manager Charles Dimmitt.

Agreed to the suggestion of Councilman Evans Fletcher that Police Sgt. Stanley Wood should wear uniform when on duty.

Heard Charles Cooley report that WPA policies are against exclusive use of airports by one flying school or one group of individuals.

Opened four bids for purchase of public liability insurance in amounts of $50,000 to $100,000 and other sums to cost about $1,500 per year and deferred final selection of bid until February 7.

Referred claim of Mrs. Lucille K. Gillis for $2,500 for injuries suffered in a sidewalk fall to City Attorney Mansfield after presentation by Attorney Wayne Millington.

Named Councilman McCarthy to the Hetch Hetchy water study committee.

Ordered stop sign installed at Middlefield road and Spruce street as requested by the American Legion.

'VIGILANTE' LETTER CHARGES SLOT MACHINES FLOURISHING

An anonymous letter signed by the "San Mateo County Vigilante Committee" and directing the sheriff's and district attorney's attention to the presence of slot machines in several specifically mentioned places failed to excite attention of authorities Wednesday.

Sheriff James J. McGrath said he "would be glad to have any member of the committee come in," and would "welcome any real information," but that he would be disinclined to pay attention to anonymous letters.

The same attitude was expressed by District Attorney Gilbert Ferrell, who said, "I have been too busy this morning to more than glance at it and besides I don't pay much attention to anonymous communications."

The letter was also sent to the grand jury, at which a "dig" was taken for not doing anything more than ending the bingo racket.

"It is apparent that none of our county officials are doing their duty, even with $5000 especially set aside for gambling investigation and vice which is apparent on all sides," the letter said.

"Slot machines are in almost every business house on the highway, including cities and unincorporated territory as well," it was charged.

The "vigilantes" informed the officials that a series of letters would be sent, "each embodying particular instances of vice."

The letter charged that "bookie" places were operating in Belmont and San Bruno and that there were two slot machines in a place just outside Redwood City.

"The San Mateo County Grand Jury started in with a flourish to stamp out the gambling evil, and aside from the bingo game stopping, nothing more has been said or done," it was charged.

"This is enough for a starter," the letter concluded.

The letters were mailed from San Mateo and were typewritten.

Morrish New Officer Of T. B. Association

J. Elmer Morrish of Redwood City has been elected to the second vice presidency of the San Mateo County Association for Prevention of Tuberculosis.

At the elections which took place over the week-end at the Benjamin Franklin Hotel in San Mateo, Mrs. Harry S. Dana was re-elected president; Mrs. Stewart E. White was named first vice president; and the secretary, Mrs. Charles Foster, and treasurer, Mrs. C. W. Martin, were renamed to their offices.

TREE VARIETIES EXTENSIVE

HARRISBURG, Pa. (U.P.)—Pennsylvania forests contain 110 kinds of native trees, half of them classed as important timber material, according to the bureau of research of the State Department of Forests and Waters. The state's forests produce wood of such a wide range of qualities as to meet practically all commercial market requirements.

BONES OF MAMMAL FOUND

DES MOINES, Ia. (U.P.)—Bones found in a central Iowa gravel pit have been identified by James R. Harlan, museum curator for the Iowa Historical Society, as part of the skull of a hairy mammal, or Elephas primigenius, huge elephant-like animals which roamed the earth 125,000 to 150,000 years ago.

Change Asked By Grand Jury In 2 Bureaus

'Buy at Home' Urged; Modern Accounting System Sought

Continuing with their plan of making recommendations as they go, grand jurors Tuesday urged:

1. That a "modern system" and "proper machines" be installed in the county controller's office;

2. Centralization of all county purchases, including those for high schools and the junior college, in the purchasing agent's office, with preference in buying being given San Mateo county merchants even though the cost is "from 3 to 5 per cent" greater;

3. Assistance of all civic organizations in the fight to get the state to allot this county more traffic patrolmen.

Despite the recommendations for reforms in two of the county bureaus, in general high praise was given for conduct of the offices, with acknowledgement being given of savings made by Purchasing Agent Stanley Kelly.

CASH SAVINGS NOTED

The purchasing department is "being conducted along strictly business lines," the jurors' report read.

"We note savings of several thousands of dollars over the previous year. Among the items are insurance $660, laundry $1200, return on security bonds $2500, and an average saving of 10 per cent on school purchases."

Besides the recommendation that all purchases be made through one office, the jury suggested that:

1. All departments make a yearly estimate of their needs, to be submitted to the agent to make contracts for larger quantities, "thus saving 10 to 25 per cent yearly on purchases;"

2. Requisitions be made in quantity and 30 days before needed, thus simplifying work and effecting savings;

3. High school and junior colleges as well as elementary schools make their purchases through the purchasing agent;

4. The Community Hospital, relief home, sheriff's office, detention home and social welfare department make an estimate of needs, such as groceries, meats and clothing, and that the purchasing agent make bids on the total supplies for a year.

DIVIDE OIL BUSINESS

5. That gasoline and oil supplied the county be divided among the various companies, each getting the business for one month, and an identical contract price be paid all major companies;

6. The board of supervisors pass a resolution giving the purchasing agent authority to give San Mateo county marchants preference in purchases although the prices may range "from 3 to 5 per cent" higher "to keep the business with those who pay taxes and live in the county."

On the purchasing bureau committee were Michael Boepple, chairman; E. A. Weisenberger, H. B. Linderholm and Fred McNulty. The recommendation was adopted unanimously by the jury, members said, explaining that so far all recommendations have been unanimous.

As regards Controller Edward M. Stack's office, the committee, composed of Boepple, Weisenberger, and Mrs. Charlotte Holbrook, reported:

EFFICIENT FORCE

"We find the office is being conducted by an assistant to the controller (George Filbert, since Stack is ill) and an efficient office force, but owing to the lack of modern equipment this office is handicapped and cannot keep the work up to date.

"We would recommend that a certified public accountant be employed to install a modern system and that proper machines be purchased to carry this system through.

"This recommendation is not made with any reflection on the present controller or his staff, but is made for the best interests of the county."

Traffic Safety Committee Chairman Allen J. Ward was vociferous in his condemnation of the state in not supplying more traffic patrolmen for the county's highways.

COUNCIL CONDEMNED

"We urge all forces here to demand more men," he said. "We urge the supervisors, our assemblyman and senator, and civic bodies to get behind the movement to request the state to give this county its fair share of patrolmen, inasmuch as the constant occurrence of death is appalling. The state is not giving San Francisco and San Mateo counties their fair share of patrolmen.

"Only by demanding more officers will we end the toll of death on the highways."

Ward complimented the Redwood City councilmen for their recommendations regarding the Broadway railroad crossing where a man and three boys met instant death last month.

"The action of the council is along the right lines," Ward said. "They realize the danger of the crossings as we do, and we are in accord with their action."

The council urged installation of "stop and go" signals at the crossings and uniforming of flagmen.

Public Schools Week Will Begin April 27

The week of April 27 has been set for the annual observance of Public Schools Week, according to a proclamation by Earl Warren, grand master of Masons of California. The week's activities have the co-operation of the American Legion, Native Sons and Daughters, chambers of commerce and service, social and civic organizations.

$100 Fine Assessed For Slot Machines

A guilty plea to possessfon of five slot machines seized by Redwood City police last week in a raid on the Old Fashioned Inn today brought a penalty of $100 fine to O. K. Wetzel, arrested at the time the machines were confiscated.

SPEEDERS PAY $5 EACH

Three speeders paid $5 each yesterday in Justice Edward I. McAuliffe's court, and a fourth motorist, Walter F. Koller, 28, of San Francisco, was fined $1 for driving with four people in the front seat. Speeders were Albert L. McIntosh, 18, Los Angeles; Francis E. Dugley, 36, Pasadena, and Bernard W. Hartman, 37, Palo Alto.

HAS NARROW ESCAPE

Although her car turned completely over and righted itself in a collision with the machine of J. H. Helms, San Francisco, yesterday afternoon at the Roosevelt avenue-Ebner street intersection, Mrs. Ernest H. Baird, 1401 Roosevelt avenue, escaped injury.

It is thought that cosmic rays, bombarding the earth from spaces beyond the stars, influence our plant and animal life.

Artichoke Racket Inquiry By U. S. Held Necessary

Supervisor Albert Witt of San Mateo county returned to Washington Monday from New York and expressed conviction that only through federal intervention can racketeers be driven from the New York market for fresh fruit and vegetables, the Associated Press reported from Washington, D. C.

Witt conferred with Mayor LaGuardia while in New York and said he found the mayor "fully cognizant of the situation but powerless to end it."

"I am convinced," he told Rep. John J. McGrath, "that only through intervention of the Department of Justice can the racket in vegetables be ended. It involves interstate commerce and the government has a perfect right to step in."

25,050 VOTERS REGISTER

County Clerk E. B. Hinman reported today that a total of 25,050 voters had registered so far this year through his office and deputies. Total registration is expected to be about 45,000. No segregation of the registration by parties has been made.

FACE DISTURBANCE CHARGE

Arrested as the result of an alleged fight, H. J. Wasson, 38, and Bill Fenton, 39, were free on bail of $25 and $15 respectively Monday facing disturbance of the peace charges. They were arrested Sunday afternoon by Officer Wyckoff of Woodside to appear before Justice McAuliffe.
